

## RESOURCES & INFORMATION FOR BAY AREA REMODELING INDUSTRY

We know many have been watching for updates to the public health and Shelter-In-Place orders as it relates to the construction/remodeling industry. Yesterday it was announced all residential construction may resume in five Bay Area counties. However, crews must comply with workplace safety protocols. Please find the links to each county's updated orders below, their workplace safety protocol appendices, and FAQs. [The new orders take effect on Monday, May 4.](#)

*Thank you to the Shelter-in-Place NARISV group for their assistance in providing their information and insights to the COVID-19 public health orders and updates.*

---

The specific language in the orders that reference construction are found in Section 16:

1. *Section 16.f.v. "Construction, but only pursuant to the Construction Safety Protocols listed in Appendix B-1 or Appendix B-2, whichever is applicable."*
